Dear Mr. Schmidt:

Please excuse this rather late reply to your letter. I understand your concern for the future of our city and for the city's beautiful hillsides.

We do try to maintain some balance in considering how and when development will take place in those areas that have an impact on how the hillsides look. I am sure that you understand this balanced view and that you will continue to assist the city by expressing your views on how and when development should take place.

Thank you for your letter and your interest in Cincinnati.

Sincerely,

Peter Strauss
